• Councelling programs for students as many students are suffering from different problems from homes as well as outside society it's needed to tell how to tackle the day to day unexpected problems. Departments should turn out the councelling programs for the students. Students should be comfortable to tell the problems to the teachers/ councelor as they sometimes don't tell the problems to the parents or friends for so called fear and they go to depression and sometimes suicide . Thank you for listening 🙏
