- Kolhan has prescribed Worst syllabus and course management a university can. Just look at syllabus and course management of "A" grade universities like DU, BHU and other top universities. Look at your Govt colleges Laboratories. It doesn't have even basic apparatus, equipment and chemicals for experiments. Your colleges doesn't have sufficient faculties to teach students and you're asking if the course content is achievable in stipulated time. Kolhan is only good for ST/SC students. As they are getting free degree certificates and scholarship (Just for being ST/SC) and even toppers and scholars are not getting any scholarship.
- My suggestion is that semester exams are done time to time. But kolhan university are so unsupportable university
